

A Note from TOPS President Barbara Cady

International Pound Bankbook Commemorative Edition

Twenty-five years ago, TOPS introduced the first in a series of ways to track our weight-loss journey—the TOPS *International Pound Bankbook*. In it, one could record a date, an actual weight, and the loss or gain from week to week during a two-year period. Some members even had their chapter Weight Recorders enter their weights and initial the entry at each weigh-in. While all of us know that we are much more than a number on a scale and that the scale doesn't always reflect our efforts as quickly as we would like, this little monitoring device is fondly remembered by many of us.

TOPS Club, Inc., is delighted to offer a Commemorative Edition of the *International Pound Bankbook* in celebration of TOPS' first step in journaling our weight-loss progress taken two-and-a-half decades ago. This is a limited offer. So, if you are interested in this piece of TOPS history, please order promptly on the order form below.

Enjoy the journey to better health!

Barb

For easy, fast ordering, go to www.tops.org and click on TOPS Store.

Note: If ordered from the Web Store, shipping and handling will be charged per the chart on Award Order Form (L-015). This special pricing on shipping and handling will not be honored.
